

2017-2018 MWMA School Land Trust Final Report Summary:

Mountain West Montessori Academy 2017-18 land trust funds in the amount of \$44,939 were used to hire, train, and utilize paraprofessionals to enhance literacy and math instruction, purchase computers for increased student access to technology, provide teachers with access to conferences and classes for professional development, and to purchase supplementary materials. The goal to increase reading proficiency by 2%, as measured by DIBELS, was largely successful. The goal to increase math proficiency by 2%, as measured by the SAGE mathematics assessment, had mixed results (reached in some grade levels but not others).
